If you own timber land or have an interest in forestry, plan to participate in the Forestry and Wildlife Bus Tour on October 13. The tour departs from the Brookneal Ball Park at 9 a.m. There is $3.00 charge for a box lunch.

Here's what it's all about: 1. Show forestry and wildlife management opportunities for private lands. 2. Acquaint the participant with public and private sources of technical and financial management assistance, if you are interested in growing trees for investment purposes. 3. Show examples of various forest management techniques. 4. Demonstrate multiple-use forestry.

Forms to indicate your intent to participate are available from this office, Virginia Forest Service or Westvaco Office. Registration must be in by Fri., Oct. 7.

There's considerable discussion about marketing untied burley tobacco. We are attempting to keep growers informed about the program. If you are a burley grower but have not received recent letters concerning the program, give us a call.

As most people know, fire cured tobacco is used for making snuff, plug and twist chewing, cigar and smoking tobacco. U. S. production of most of these products declined over the past decade, and the use of fire-cured tobacco also fell. A turnaround in domestic use with short supplies strengthened prices this past season.

In July of this year, exports of Virginia Type 21 was up 2 million pounds over a year ago.

The Septemer estimate for all types of U. S. grown fire-cured tobacco is 48.5 million pounds, up 26 . . over 1976.

The support price for the 1977 crop is 79.5 cents per pound.

Between 1950 and 1976, 27 million new jobs were created and total employment rose by 46 percent. During that period, female employment alsomost doubled, as more than 15 million of these new jobs were filled by women.

During the next years, business and industry will invest between $2,000 billion and $4,000 billion in capital expenses. This will be more than double the expenditures of the last decade, averaging $41,000 for every American production worker.

We've had numerous calls in recent weeks concerning fleas - - fleas in basements - - fleas under mobile homes - fleas in lawn areas. I'm at a loss to explain why the high infestation this late summer and fall.

There are at least two control recommendations that should do an acceptable job. We've been recommending diazinon at the rate of 4 ounces per 1,000 square feet. Another material that would work equally is Korlan 2E. Use at the rate of 5 ounces per 1,000 square feet for lawns and animal runs or 10 ounces for inside animal houses or basements. Do not get on animals.

As with all pesticides, read the label before purchasing and before applying.

FHA GIRL OF THE MONTH FOR SEPTEMBER

Each month the Senior Chapter Future Homemakers of America selects an outstanding chapter member to become Girl of the Month. This girl is Mary Dyess, who is shown above receiving a silk rose from Merry Wright, Girl of the Month Committee Chairman. Mary Dyess is the daughter of Mr. and Mrs. Monroe Dyess of Appomattox.

Mary is the president of the Senior Chapter FHA. She is also the Secretary of the Virginia Association Future Homemakers of America. Mary is one of a number of State FHA officers who have come from ACHS. She was elected and installed at the Virginia Leadership Conference at Hotel Roanoke in Roanoke, Virginia, June 21-23, 1977.

Mary, in her previous years in high school, held many offices and has served on many committees in FHA. In 1974, she was on the Degree Committee. The following year she was the Social Committee Chairman and a member of the Homecoming Parade Committee, the FHA Week Committee, and the Vocational Week Committee. In 1976, Mary was 2nd Vice-President of the Appomattox Senior Chapter FHA and the Chairman of the Fair Booth Committee. Mary has received her Junior and Chapter Degrees , and she is working toward her State Degree.

This year Mary Dyess is a Junior at ACHS. She has been in FHA for three years.

Congratulations Mary on becoming Girl of the Month for September.
